## Aussie Home Dinner Tour

The best way to experience a country is to do what the locals do.

We couldn't agree more! So we'll take you to dinner in an Australian family's home to enjoy an Aussie BBQ dinner, learn some useful Aussie slang, and spend an evening enjoying Aussie hospitality at its best.

## ABOUT THE EVENING

Enjoy Aussie hospitality at its best, with an Aussie family in their home!

### Guided neighbourhood tour

A friendly local guide will pick you up from your accommodation and accompany you to your Aussie family for the evening. During the drive, you will be provided with an informative commentary on life in the tropics including architecture, land prices and the value of homes in the local area.

### The tradition of 'BYO'

'BYO' or Bring Your Own, is a common custom Australia-wide and refers to alcoholic beverages. On the way to the family's home, your guide will also stop at a local bottle shop (bottle-o), provide recommendations on Australian beer and wine to help each guest select a drink for the evening. These drinks will be placed in an 'Esky' (cooler/icebox) on arrival at the family's home and you may feel comfortable to serve yourself throughout the evening.

### Inside an Aussie Home

The Aussie BBQ is a delicious and social way to dine. Nibbles and dessert are also included. Try your hand at cooking on the BBQ, chat informally with all members of the family, take a tour of the family home and hear what it's like to live in Australia today. Customs and traditions vary with different families but the open, warm and friendly nature of Australians will be there in abundance. If you've ever wondered about the meanings of Aussie Slang, now's your chance to ask a real life Aussie!

The Aussie sense of hospitality is well known and tonight you'll have the opportunity to enjoy it firsthand on this 4-hour tour.

\*Bilingual guides are subject to availability.

## NEED TO KNOW

- Minimum 2 adults
- Children's prices apply for children aged between 3 -12 years.
- The weather in Cairns is warm most of the year with higher humidity in the summer months (Dec-Mar). A light jacket may be required in the evening during winter (May-Aug)
- Lots of Aussie families take advantage of the warm climate and dine outdoors. Insect repellent is recommended for evenings such as this.
